

Self-Disclosure Form for Students with Disabilities

Students who have been admitted to Marian University and wish to receive information about academic accommodations/ assistance for students with disabilities are invited to complete this form and submit it to the Director of Academic Support Services as soon as possible.

When the Academic Support Services Program Director receives this self-disclosure form, you will be sent a detailed description of the type of documentation which is necessary to determine eligibility for accommodations. The document which accompanies this form provides an overview of the accommodative services Marian can provide. More in-depth information can be provided upon request.

While it would be to your benefit to return this form now to receive information before you begin your college work, please note that you may disclose a disability to the Academic Support Services Program at any time. However, since the review of the documentation and, if deemed necessary, the request for additional information, may be time consuming; your opportunity to receive such services as test accommodations in a given semester may be affected if you choose to wait to begin the process.

Academic Support Services will take no action on your behalf without your specific request. (As per the Americans with Disabilities Act)
